4 - 11 September 2020

The Situation

- Hey, a Kickstarter
- Cool concept
- Cool people!
- Waaitaminnit, Electron?
- How about some help?
- How about that license?

4 - 11 September 2020

Crumpet

4 - 11 September 2020

The Basics

Qt BTLE
AndroidExtras
RemoteObjects
(and all the rest)

KDE Kirigami
Breeze Icons
Android Build Docker

4 - 11 September 2020

Some Specifics

4 - 11 September 2020

UI and flow Kirigami and Breeze
Need i say more?

Service Android services are fun
RemoteObjects to the rescue

Building Who wants to mess with Android Studio
KDE to the rescue

Futurespeak

- ECM (because why not)
- Combined builds
- Plasma Mobile
- New devices
- KNewStuff
