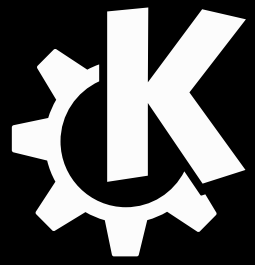
Working professionally with KDE



Aleix Pol i Gonzàlez <aleixpol@kde.org>

Who am I?

- Aleix Pol i Gonzàlez <aleixpol@kde.org>
- Employed by Blue Systems to work on KDE products
- Participated as a GSoC student (2007, 2008, 2010)
- Barcelona

What do you need from KDE?

What is a KDE product team after?

Coordinate with the community

You can always fork... 🍴

… but please do not fork. 🥄

Shared responsibilities

Helping* the Community *help
you *help* them

Talk to people

Be clear

Be transparent

Be reliable

CODE

Who am I?

- Aleix Pol i Gonzàlez <aleixpol@kde.org>
- KDE e.V. President
- KDE hacker
- Barcelona

In 2017 marketing contractors started

The Big difference

Challenge

Opportunity

Working with the Community

Make a living

How do I help?

Help the contractors like fellow community members

Work with them, embrace their goals

Don't assume they know things because of their position

Don't assume they have magical powers

Don't keep yourself from taking tasks because they are around

Apply to the positions as they appear

Reach out!

A collective opportunity

10
YEARS

What's next?

?
