Our work of the past year

- Monthly WG calls on meet.kde.org
- WG discussions on the Matrix group when more immediatness is needed
- One virtual meeting of the Foundation itself
 - Introduced new member from TQC Juhapekka Niemi replacing Lars Knoll to whom we are very grateful for the work done in his tenure as chairman.

Lessons learned and success stories

- We managed to get Foundation accounting and auditing presented in time
 - Was not so clear we'd manage without having Lars/Norwegian around
- Good relations with the TQC Foundation members
- „No news is good news“
- WG continues to be of lot of help to the 2 Foundation members
- ***The Foundation is 25 years old*** 🙌 🎉

Where we need help

- There's a plan for a potential Foundation + wider community meeting. Talk to us about who should attend
- Continue building good relationships with TQC in general (i.e. outside this WG/Free Qt Foundation work)

Our key goals and plans for the coming year

- Keep good working relationship with the TQC members in the Foundation
- Continue talking with TQC to more clearly define what is Qt and what is not.
