Development  
Goals**

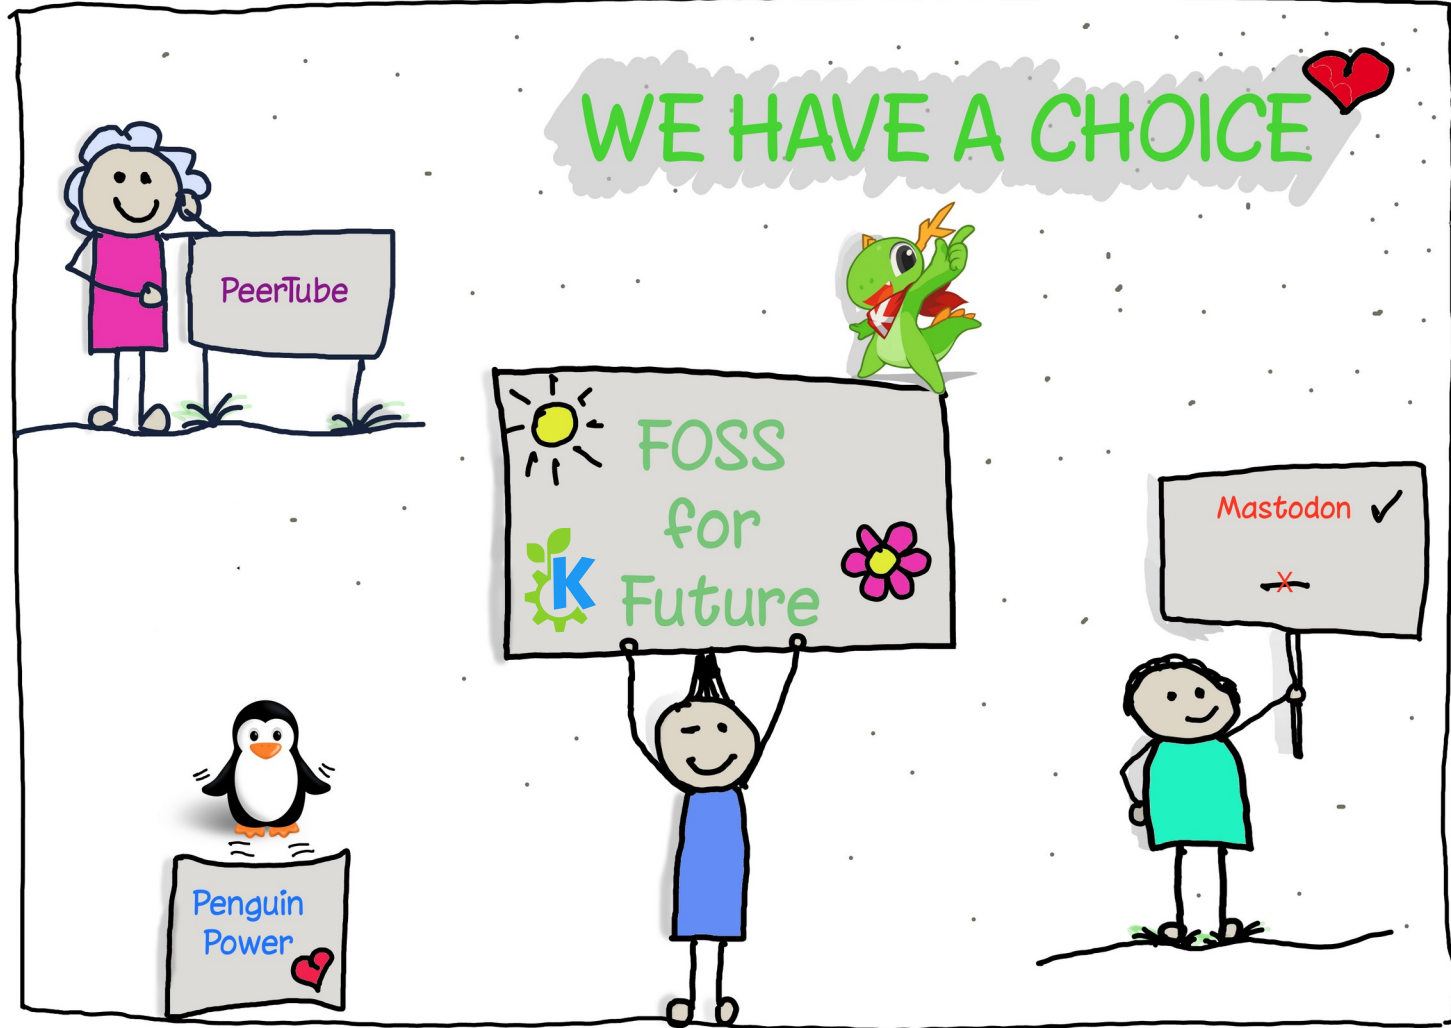

# Digital Empowerment

with  
KDE's vision:

A world in which everyone has control over their digital life and enjoys freedom and privacy

# KDE ECO workshop for students

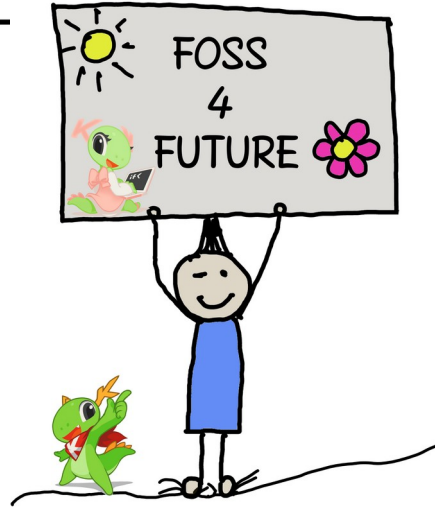

# What did we talk about?

- Why do we do this?
- Use cases for revived computers?
- What hardware can we usefully revive?
- Which distro suits our needs?
- How do we do this?

## Outcome

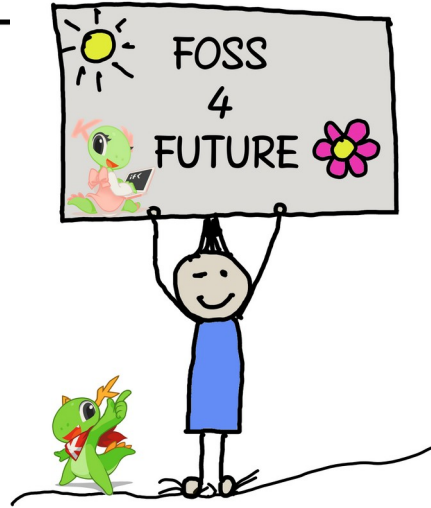

engaging for everyone

- technical
- social/political
- environmental

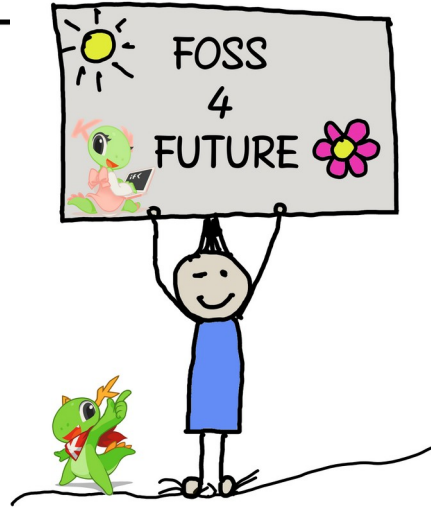

# Outcome

We have 8 more kids that know about  
Linux

## Outcome

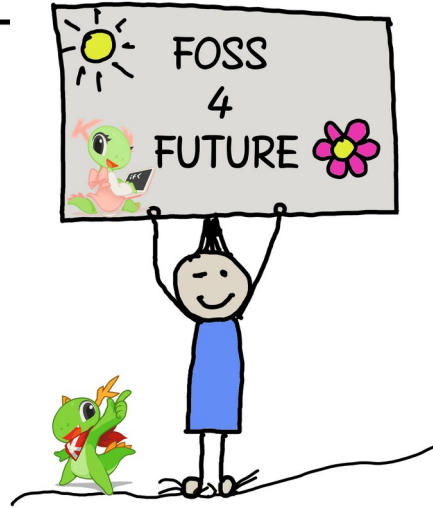

3 kids are interested in holding their own workshop for teachers

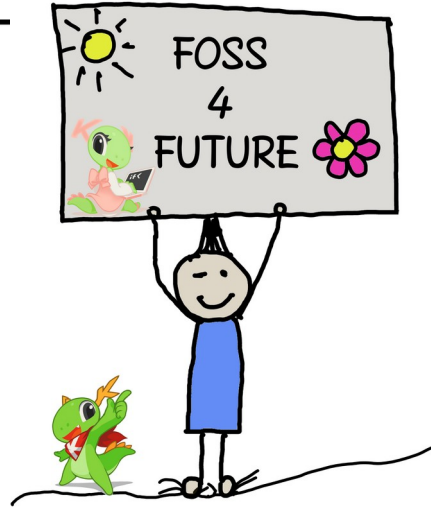

## Outcome

19 computers that are not  
eWaste, revived by 8 kids

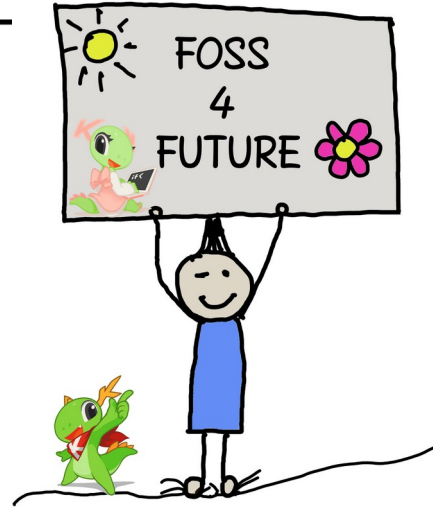

# Outcome

One of the biggest schools in  
Hannover wants to keep on teaching  
this topic

# Outcome

My personal success story

# Foss 4 Future

**GREAT SUCCESS**
