

Let's talk about the desktop

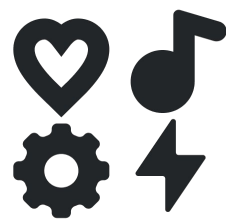

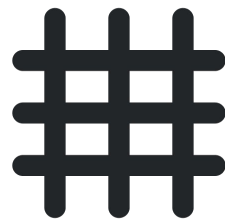

A design system enables  
you to make thoughtful  
decisions with faster  
output and preview

What progress have  
we made?

# Guideline Updates

Component-specific icons will use suffixes - i.e. `icon-sidebar.svg`

3rd party icons no longer supported

Request icons first

We are tied to UNION

Today I am releasing 3 design  
elements for your feedback

# A color theme

# Plasma Style

# Icon Pack

WIP
